ADMISSIONS CRITERIA FOR ENTRY INTO YEAR 8

When considering which children should be selected for admission, the Board of Governors will only take into account information which is detailed on or attached to the application form. **Parents should therefore ensure that all information pertaining to their child and relevant to the school's Admissions Criteria is stated correctly on the application form or attached to it.**

Respective functions of the Board of Governors and Principal in relation to Admissions to the school

The Board of Governors delegates to an admissions sub-committee the responsibility of selecting pupils for admission to the College. Where the number of applicants exceeds the number of places

available, applicants will be selected by the admissions sub-committee of the Board of Governors according to the Admissions Criteria.

In the event of the number of children applying exceeding the places available the following criteria will be applied in the order set down. If the Admissions Number is exceeded by application of a particular criterion, then the remaining criteria will be used, in turn, to reduce the number of children still being considered for places until the admissions number is reached: -

FOOTNOTES

1. Where applicable "sibling" is defined as another child of the family, in accordance with Department of Education Circular 2022/15. Name and year group of present pupil and name (at time of attendance) and dates of attendance of past pupil must be provided.

2. Twins and other multiples who are eldest in the family are treated as joint eldest children.

This criterion intends to prioritise the child of a family that has not had the opportunity to have an elder child to be enrolled at the College. The following circumstances will therefore be treated as meeting this criterion:

(i) The Applicant is more than seven school years younger than the next eldest child of the family.

(ii) The family has moved residence so that a child who is not the eldest child of the family is the first child of that family to have the practical opportunity to apply to the school.

(iii) One or more elder children of the family attends a special school (or comparable unit), and the child applying is therefore the eldest child of the family in a position to apply to the College.

A verifying letter must be submitted at the time of application stating that the child is the eldest or only child of the family. The verifier must have known the child and family for at least two years. It must be signed by one of the following who is not a member of the applicant's family: a primary school Principal, an elected public representative, a medical practitioner, a solicitor, a member of the clergy.

3. Tie Breaker: In the event of a tie for a remaining place or places, which is not resolved by the application of the criteria above, further selection will occur on the basis of Random Selection. Random Selection: Each application at this stage will be allocated a random number electronically generated via an online random generator. The applications will then be ranked in order, with the higher numbers having preference. Places will be allocated, and a waiting list will be formed according to the rank order.

Verification of Information

The Board of Governors reserves the right to require such supplementary evidence as it may require, to support or verify information on any application/transfer application.

Those making applications should also note the provision of false information or incorrect information, or the failure to provide verifying documents according to the required deadline, may result in either a withdrawal of a place or the inability of the school to offer a place.

ADMISSIONS TO YEAR 8 AFTER 1 SEPTEMBER 2023

Parents/Guardians who wish to have their child considered for admission in the event of a place arising after 1 September should write to the Principal clearly stating this. Written acknowledgement will be issued. In the event of such a vacancy arising, the above criteria will be applied to these applications only.
